We've trained employees of the following organizations:

ORGANIZATIONS

Served include ...

*I thoroughly enjoyed the Excel class yesterday. **Everyone in the class seemed to really get a lot of info from the course.** Hope you will consider Excel Module II in the near future. Jackie is a very good instructor.*

U.S. Environmental Protection Agency Employee

Feedback – Access Student (CDC Employee)

*Thank you for a wonderful learning experience. I have **already been able to apply some of the lessons** on my Access database project.*

5 Reasons to Attend Our Training:

1. **An investment in yourself yields the best return.** In addition to being a potential **tax-deductible expense**, the investment you make in training yields returns in making you **more productive and competitive**.
2. **Passion - We go the extra mile.** We choose instructors who are passionately committed to each student's success, and we take the time to provide follow-up coaching (often **at no extra cost**) to make sure you are equipped to use the software.
3. **Small Class size:** This course is limited to 8 students, providing you the opportunity to get 1-on-1 assistance.
4. **Expertise.** We only hire subject matter experts (SME) Since they know the subject matter inside and out, our instructors are able to adapt the training "on the fly" to meet students' needs. To request instructor credentials, [please click here](#).
5. The MS Office training manuals are approved as preparation materials for the Microsoft certification exams.
